

SPRINGFIELD

STCC holds late registration hours

Springfield Technical Community College will be open until 7 p.m. from Aug. 20 through Aug. 23 and until 4 p.m. on Aug. 24 to serve prospective students planning to register for fall semester classes.

Classes begin Sept. 4.

During this "late registration" period, prospective students may apply to a program, meet with an advisor, register for courses, pay their bill and receive their schedule all in one easy visit.

Dean of Admissions Louisa Davis-Freeman said there is still plenty of time to enroll at STCC for the fall semester and many programs are still accepting applicants.

"STCC serves our community, and we're here to help you take care of any steps you need to complete to begin STCC classes this fall. To be accepted into a program please bring your official high school transcript(s) or GED or HiSET certification with

Springfield Technical Community College will be open late next week, with extended hours to serve students planning to register for fall semester classes. Classes begin on Sept. 4.

you. In order to be considered eligible for financial aid, you must be enrolled in a degree-granting or eligible certificate program," she said.

New for the fall semester is an associate in science in Biomedical Engineering Technology with two options: Biomedical Equipment Technology and Biomedical Manufacturing Technology. STCC offers the only two-year, associate degree pro-

gram of its kind in the region. Graduates will be prepared for a variety of in-demand healthcare jobs, including biomedical equipment and biomedical device manufacturing, as well as medical sales representative.

For more information, call the Admissions Office at 413-755-3333 or email admissions@stcc.edu. To complete an application online, visit stcc.edu/apply.
