

SPRINGFIELD

STCC to host financial industry forum

Training and Workforce Options, a partnership between Holyoke and Springfield Technical community colleges, will hold an employer engagement forum focused on the financial services industry on May 3.

The free Financial Industry Forum 2018 will be held 8 to 10 a.m. at STCC's Scibelli Hall, Rooms 701 and 702.

The forum will provide financial professionals information on workforce develop-

ment training opportunities and related services offered by experienced trainers from the two colleges.

Representatives from TWO also will discuss how regional businesses can secure Massachusetts Workforce Training Fund Grants to enhance training efforts for their workers.

The forum is geared toward financial professionals and their businesses, with the goal of gathering input about workforce development needs.

The information shared by participants will allow the TWO team to custom-design affordable programs that fit industry needs.

Refreshments will be provided. Deadline to register is Friday.
