

Meet the Student Ambassador

Drew Smith

Hi, I'm Drew, and I plan to transfer to the UMASS Isenberg School of Business after I finish this school year. As a soccer player from the age of six, I've been able to gain many valuable takeaways from the sport, which have helped shape who I am. I'm constantly putting myself in uncomfortable situations to make myself a better person while also learning that no challenge is unachievable, no matter how hard it may seem. My hobbies include golfing, watching as many sports games as possible over the weekend, and hanging out with friends.

Why did you become a Student Ambassador?

I became a Student Ambassador to get more involved at STCC and help students in need. As a new student, I felt overwhelmed and missed out on many of the campus's offerings. Now, I'm able to be a trusted resource for students, guiding them to valuable tools and exciting events they might not know about. I understand how easy it is to overlook all the wonderful aspects of campus life, and I'm here to make sure that doesn't happen.
