

Meet the Student Ambassador

Marcel Sanchez

I am a first-generation student. I was the first in my family to graduate from high school and college. I enjoy relaxing at home after long days and lounging around. I like playing video games, such as Apex Legends, and watching Studio Ghibli films.

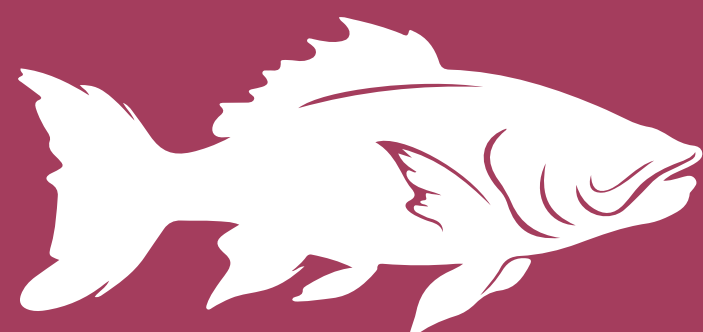

Fun fact: teeth are not bones!

Office Hours

Wednesday 8:00am - 12:00pm

Why did you become a Student Ambassador?

I decided to become an ambassador to better integrate myself into STCC's student community and to help fellow students, having felt lost myself when first navigating college. I hope to set a good example and advocate more for students.
